

REŻYSER
PORTFOLIO

An aerial, high-angle night photograph of a city street. The street is dark, with a few cars visible. A bright, white, rectangular light source, possibly a large screen or a very bright light, is positioned on the right side of the frame, casting a strong glow. A car in the center of the frame is illuminated by a red light, possibly a laser or a very bright red light. The overall atmosphere is dark and mysterious.
